

# SPECTRUM SCI-FI CLASSICS

A Captain Scarlet Calendar for 2013

Saluting the 'other' heroes and heroines of  
Science-fiction in the movies and TV

## Message from Colonel White - Commander in Chief of Cloudbase

Where does the time go? When they told me it was time for another Spectrum Calendar, I was astounded. Yet, after another twelve months of thwarting the Mysterons, my elite officers were only too keen to turn their attention to something different.

This year, we are paying homage to the heroes and heroines of Science Fiction, a genre we felt was all too apt given our ceaseless fight against an alien foe. Each officer has chosen to celebrate a well-known character, some with the help of their friends. For myself, I chose a character who is known as a defender of the Earth against a whole host of enemies both on Earth and the universe beyond.

I hope we can all emulate the characters in this calendar and that you will enjoy your journey with us, through time and space, over the next 12 months.

*Colonel White*

*We hope these montages don't cause offence, as they are intended as an affectionate tribute to our heroes and heroines. All original photos of the characters taken from 'Captain Scarlet and the Mysterons' (c) belong to the companies who own the series and all 'body' images taken from the movies and TV series belong to the companies who own them. They are used without permission.*

*Once again, this has been done purely in a spirit of fun and for the enjoyment of the fans of Captain Scarlet. Not a cent has been made from it.*

*We would like to thank Gerry and Sylvia Anderson, who have given the fans such pleasure over the years with their creations and vision, and also to the makers and copyright owners of the wonderful classic science-fiction movies and television series that have inspired the making of this calendar.*
